**FOR CORRECTION OF INTERNATIONAL APPLICATION NUMBER**  
**FOR U.S. NATIONAL STAGE APPLICATION**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants hereby petition the Commissioner for correction of the international application number for the captioned application, which entered the U.S. National Phase on June 9, 2006.

As a result of a clerical error, and without any deceptive intent, Applicants provided an incorrect international application number on the "Transmittal Letter To The United States . . . Concerning a Filing Under 35 U.S.C. 371" and on the Application Data Sheet, setting forth "PCT/IB2004/004119," when the correct international application number is "PCT/IB2004/004419."

That PCT/IB2004/004419 is the correct and intended international application number is supported by the identity of the title, inventors, Applicant/Assignee, international filing date, and priority claim to U.S. provisional application 60/528,777, that were set forth on the Transmittal Letter and ADS and that pertain to PCT/IB2004/004419, and by the copy of the published text of PCT/IB2004/004419 (WO 2005/055703) that also was submitted with the U.S. National Phase entry documents on June 9, 2006. A copy of the Transmittal Letter and ADS and the first page of WO 2005/055703 is submitted herewith.

Also submitted herewith is a copy of the stamped postcard confirming receipt by the U.S. receiving office of 28 pages of specification and claims and 6 sheets of Figures 1-6, which correspond to the page numbers and drawing sheets of PCT/IB2004/004419.

Applicants first learned of this error in early 2007, when Bernard Gregory in the U.S. Patent Office PCT Office alerted Applicants to the error by telephone. As requested by Bernard Gregory, Applicants filed by facsimile a new Transmittal Letter and ADS with the correct international application number. A copy of this facsimile is submitted herewith.

As the Notice of Acceptance and the official Filing Receipt issued on July 24, 2007, showed the correct international application number, Applicants believed that the error had been corrected.

On July 26, 2010, the Examiner assigned to the application advised Applicants that a Petition under 37 CFR 1.181 is required to satisfy the formal requirements for correcting an error of this type. Thus, Applicants submit this petition to comply with these requirements.

Because the record shows that the incorrect international application number was provided as a result of a clerical error, and because other documents submitted with the U.S. National Phase entry documents on June 9, 2006 indicate the correct international application number (such as the copy of the published text of PCT/IB2004/004419 that was filed) and are consistent with the correct international application number, Applicants respectfully urge that this petition be promptly granted.

The petition fee required under 37 C.F.R. 1.17(f) is submitted herewith.

The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 C.F.R. §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 19-0741. Should no proper payment be enclosed herewith, as by the

credit card payment form being unsigned, providing incorrect information resulting in a rejected credit card transaction, or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741.

If there are any questions regarding this submission, the Patent Office is invited to contact the undersigned attorney of record at the telephone number set forth below.

Respectfully submitted,

Date July 28, 2010
